## NOTES FROM THE COMMODORE

We have had two members in the hospital, Schatzie Haws and Christel Schneider. I am happy to say Schatzie is now home. I have talked to her several times and she sounds great. She is a great asset to all of us. I am looking forward to seeing her 100% back at the club! I'm happy to say Christel is back to being herself. She is a great help to me and it's so nice to have her back.

Delta Marina cruised in for TGIF on July 12th. Saturday night Linda and Randy did an outstanding dinner; we had about 105 for dinner. What an outstanding night. Thank you Linda and Randy.

The 4S GAMES at San Joaquin Yacht Club were held July 18-21. SJYC were outstanding hosts to all. It was nice to see the old Moore's River Boat; it brought back a lot of fond memories for me. We started out doing well at the the games with two first places and a third place, but ran into some heavy competition. We want to thank all of our members for coming out and supporting our Club. Even though we may have lost we all enjoyed ourselves.

**COMMODORE**  
**Larry Brown**

**2019**

### Cruisers - Save the Dates

Willow Berm YC	5/17 - 05/19
Weber Point YC	07/26 - 07/28
Rio Vista	8/23 - 08/25
Pittsburg YC	09/21- 09/23
Marina West	10/04 - 10/06
Village West	11/01 - 11/03

July 26-28 we will have a cruise-out to Weber Point Yacht Club. This is a small yacht club that always goes out of their way to prepare an outstanding Saturday night dinner.

Please check out the rest of the Bulletin; we have a great line up of events for August. Hope to see you all there.

# SYC BULLETIN

## Notes from the Board of Directors

By now you've heard the 66TH ANNUAL 4S GAMES held at San Joaquin Yacht Club are behind us. Unfortunately, Stockton Yacht Club did not have good representation or showing. We had one boat cruise to San Joaquin YC and 20 participants. Only 5 stayed for dinner and the Award Ceremony (two couples plus one). Here are the results:

- 14 Games
- 2 Gold Medals
- 1 Silver Medal
- 3 Bronze Medals
- 6 Last Places
- 2 Forfeits

Thanks so much to those who participated. As you know, the 4S GAMES rotate every 4 years and we are the hosts next year. Hopefully, we will represent our Club with pride and purpose, and better representation and showing.

It was brought to the Board's attention at the last meeting that for an all-volunteer Club, we are not getting the volunteers we need to host the events. Most of us who have been in this Club as well as other clubs know that 20% of the members do 80% of the work. I've heard that the 20% can no longer sustain this effort. Please look for a survey soon which will help us determine a way forward to a viable solution.

With August, comes the time to start thinking about our Flag Officers and Directors for next year. A committee has been formed and you will be receiving a call soon. Remember we all come from different walks of life and professions, bringing experience and passion which can be great assets to our Club. Please consider saying yes when one of our committee members calls.

We weren't able to find a Port Captain for August. Cliff, our Assistant Port Captain, should be around for notification of any major issues. Also, please let me know if you see any problems around the club.

Reminder: Please volunteer to cook a meal, fix something that's broken, or pull a weed or two. Your Club needs you!

## RBOC Report - Paul Clausen, Vice President North

The tunnels are alive! Well, at least the one tunnel. I attended a meeting of Southern California Water Agencies and the Department of Water Resources to discuss the funding methods for the new Delta Conveyance Project. There is still a long way to go with environmental impact and engineering, but they have decided that they are going to solve the financing issues first. There are meetings on the financing issue scheduled every week until they are resolved.

The Franks Tract Restoration Project meeting was a non-event according to members of San Joaquin Yacht Club that attended. Pending a tunnel project, the restoration project is on hold.

AB 1387 the 365 day Sport Fishing License bill has been pulled as of now, and is being rewritten. We don't know if it will be brought to the floor and sent to the Governor this session.

The new California definition of a boat operator (AB1183) has passed and has been signed by the Governor. It closely matches the federal and other states definition, which is what we wanted. It defines the operator as steering the vessel while underway:

- Is responsible for the operation of the vessel while underway; or
- Is at least 18 years of age and is attentive and supervising the operation of the vessel by a person 12, 13, 14, or 15 years of age.

Again, we may have some budget shortfalls for the boating community. I'll be following the financing in the next month's report

## Changes are Coming - Bob Cain, Frank Gurnee

We have made great progress on the changeover to ClubExpress for our website, email, events, etc. By the time you read this we should have the new site up and running with our membership, calendar, and all sorts of club information.

When we have most of the details in place, you will receive an email with your new user name, a temporary password, and an invitation to log into the site. When you do so you can change your password and click the "remember me on this computer" and then you will be able to click one button to log in: nothing to remember! Every person will have their own login; it would be nice if we had an email for every person. We are missing about 30. Email [Bob](#) or [Frank](#) and we would be happy to add yours.

A very significant feature of the system is that it allows designated members to make changes directly on the web, spreading the work and responsibility, so important for the Club going forward. Some items may include the calendar and events, news, photos, membership, documents, surveys, forums, volunteering, and an online store.

As we change the way we do things using the new system, it will take some time to get comfortable. Needless to say we will have detailed training for the folks most effected and easy to follow steps for the general membership. Stay tuned as we move into the 21st century!

# SYC BULLETIN

## PICYA Report - Ed Stetson

The July Delegates Meeting was held at Loch Loman Yacht Club on July 1st. Representing Stockton Y.C. were Directors Ed Stetson, SC Dedrick Denison and Paul Clausen. Also present: Bonnie Stetson, Bob Pugh, Jack and MaryLee Michael and PICYA Vice Commodore Robert Willis.

The normal Reports of Officers and Committees were presented.

Two new Clubs: "Bay Area Association of Disabled Sailors" and "Konocti Bay Sailing Club" were accepted into PICYA.

Two Eight Bells ceremonies were conducted by SC Dedrick Denison.

### Coming Events:

- August 5th - Delegates Meeting and Scholarship Presentation. Three scholarships will be presented.
- September 7th - Delegates Meeting Richmond Yacht Club.  
**NOTE: This meeting will be held from 12:00 to 16:00 and feature the presentation of the regatta trophies.**
- September 21st - Coastal Cleanup Day.
- September 28th - Margo Brown Wheelchair Regatta, Encinal Yacht Club.
- October 5th - 2019 Management Conference – South Beach Yacht Club. All 2020 Club officers should attend.
- October 12th - Delegates Meeting – Tahoe Yacht Club.
- November 3rd - Delegates Meeting – Encinal Yacht Club.

## Carbon Monoxide aka CO – the Silent Killer!

### Pat Carson, Safety Officer

Carbon Monoxide is a colorless, odorless, invisible gas created when fossil fuels are burned incompletely in engines, generators, and even propane cook tops. As the boat owner and skipper, you should be diligent in educating each passenger about the signs and symptoms of carbon monoxide poisoning. When doing the engine room checks be sure to look at the exhaust system components taking a particularly close look at the rubber exhaust hoses for signs of cracking or burning. Proper water flow is required to keep the exhaust system cool so always check for proper water flow out the exhaust. Test the operation of the CO detectors regularly; if they use batteries be certain to change them as recommended by the manufacturer. In addition, do not forget the generator; it has a similar exhaust system as the main engines.

According to one marine insurance company's dozen or so recent claims for CO fatalities or near fatalities in a boat cabin, the lack of a CO detector is the only thing that all of the claims had in common. Besides the station wagon effect, i.e. backdrafting of CO into the cabin, cockpit or bridge through a stern opening such as unzipped isinglass, accidents have been traced to wind direction, proximity to a dock or seawall, boats rafted together, an open hatch or port, a canvas cover, or combination of several causes.

*(continued on next page)*

# SYC BULLETIN

*(continued from previous page)*

While guarding against the many possible sources of CO is certainly advisable, the most reliable safeguard is a CO detector. As of August 1, 1998, the American Boat and Yacht Council (ABYC), the organization that writes the voluntary standards for recreational boats, began recommending that all boats with enclosed accommodation areas and a gasoline generator or a gasoline inboard propulsion engine have a CO detector installed.

While it is true that diesel engines do not produce a lethal concentration of CO, diesel exhaust is a mixture containing over 450 different components, including vapors and fine particles. Over 40 chemicals in diesel exhaust are considered toxic air contaminants by the State of California. Exposure to this mixture may result in cancer, exacerbation of asthma, and other health problems.

One reason that ABYC may have been slow to recommend the use of CO detectors may be their reputation in the past for emitting unnerving false alarms periodically. You could almost count on a CO detector to sound whenever they detected even the slightest trace of CO. Since a whiff or two of CO is likely to drift into a cabin several times a day, the frequent alarms were an ongoing nuisance. After 1992 manufacturers began making more technically advanced units that use time weighted averaging to greatly reduce the number of alarms. By averaging the CO over a period of a few minutes, these second-generation alarms will not sound unless they repeatedly detect CO.

Effective in 2010 UL, Underwriters Laboratories, mandated a five-year end of life on carbon monoxide detectors. The first detectors manufactured under that mandate are now approaching the five-year limit and should be replaced. According to the Fireboy-Xintex technical bulletin: "Approximately 4 years and 11 months after activation your Fireboy-Xintex carbon monoxide detector will enter the EOL (End-of-Life) phase of its existence. There will be both an audible alert (intermittent beep once every 30 seconds) and a visual alert (green LED OFF and Red LED ON). During the initial warning period, depressing the Test/Silence button located on the right hand side of the CO detector will silence the EOL Alarm for 3 days at a time. These alarm features are designed to remind the owner to replace the detector before its five-year life span expires. Once the detector has reached its five year threshold, the detector will shift to an alarm that cannot be manually silenced. At that point, a new Fireboy-Xintex Carbon Monoxide Detector will need to be purchased, the unit will still detect the presence of CO and alarm appropriately."

CO detectors are a maintenance item; it is best not to ignore their silent protection.

## Make-A-Wish Fund Raiser - Ed Stetson

After the major effort of 2018 the committee has decided to scale down the event for 2019 and has decided to modify, not abandon, its plans for this year's fundraiser to benefit MAKE-A-WISH. Our commitment to supporting the Foundation is unwavering and undiminished.

- We began selling stars at each cruise-in and Wacky Wednesday beginning June 7th and will continue through the cruise-in of August 30-Sept 2.
- The MAKE-A-WISH wall display has been restored and is being utilized to recognize the generosity of our members and supporters and feature posters and news regarding MAKE-A-WISH.
- During the June-August period the committee will continue to solicit donations Including raffle/auction prizes from our 2018 supporters and others.
- At the August 31st Luau a 50/50 opportunity drawing will be conducted with the Club's 50% being donated to MAKE-A-WISH. Any raffle prizes donated will be awarded through a bag drawing.
- Supporters are encouraged to join us for the LUAU on Aug. 31st, space available, by making a reservation with Linda Contreras, advance reservations only, \$26.00 each, checks payable to SYC.

Linda Contreras  
5232 Quashnick Rd  
Stockton, CA 95212  
(209) 481-3767

Supporters wishing to contribute cash or in-kind donations are encouraged to utilize the donation form on the next page or hard copies located in the club. Credit card donations can be made online following the link to Stockton Yacht Club's donation on the MAKE-A-WISH web site: [DONATE ONLINE](#)

**As of July 20th we had received donations of  
\$3,736.00**

# Save the Date!

## 20th Annual San Joaquin County Coastal Cleanup Day

**September 21, 2019**

**Register today at: [www.sjcleanwater.org](http://www.sjcleanwater.org)**

Coastal Cleanup Day is around the corner and we need your help. Last year, volunteers cleared 16 sites and disposed of 23,125 pounds of trash.

**Strive to keep our waterways clean.  
Together we can make a difference!**

If you are interested in participating in this year's Coastal Cleanup Day, you can register online at [www.sjcleanwater.org](http://www.sjcleanwater.org) or contact: San Joaquin County's Coastal Cleanup Coordinator, Kristy Smith at (209) 468-3089.

### Welcome New Members

Summer activities show off the Club at its best. Great time to recruit some new members.

### Sunshine Corner - Nita Rienhart

Unfortunately, several of our members had some health challenges to overcome earlier in the month, but both of them are now on the mend. Vice Commodore Christel Schneider was hospitalized with blood pressure issues for a while, but now you would never know she was ever sick. Our staff commodore and "Eveready Bunny" Schatzie Haws was also hospitalized for a while, but is now home and recovering with everyone's prayers and good wishes.

## AUGUST 2019

## SYC Cruise to Delta Marina Yacht Harbor, Rio Vista

Aug 23 - 25, 2019

We are traveling a little farther to Rio Vista to visit Delta Marina Yacht Harbor. This location has large docks, a nice marina store (*The Chandlery Yacht Shoppe*), spacious covered picnic area with lots of tables, plus grass for fun and games. *Corn Hole and Yardzee tournaments—maybe even a pop-up tent for shade.* Let us not forget to mention The Point Restaurant and bar, just a quick walk to get there.

There is a 10 boat minimum, but you can go in a day early or stay an extra day at the \$27 dock rate—paid at the marina office. We will be departing SYC at 1000 hours with a general travel time of 2.5 hours and an expected arrival time of 1230 hours.

### Registration Form

Please Mail Form by August 15, 2019 with check payable to "SYC" to:
